

*Since 1966*

## *Our Story*

It all started in a small village in North Lebanon called Daher El Ain Al Koura. Georges *RAAD* aimed to sell high quality olive oil and create a trademark for his product by utilizing his "old stone" olive press and the olive orchard he owned. Unfortunately, the civil war halted all production and ended his dreams.

In 1994, his son, Jean *RAAD*, decided to rejuvenate the production of olive oil but with an improved trademark and concept. The sky was the limit as he was able to successfully develop his small food industry, add new products to the "*RAAD*" family, and reach national and international markets.

Since the company's goal was to sell high quality products, it obtained an ISO 22000 food safety certificate and a higher FSSC 22000 certificate in 2019. The sound reputation of "*RAAD*" products went beyond borders as products are now shipped to three foreign countries: Australia, Ecuador and Suriname.
